

Date of publication: 31 March 2014

Implementation: To be determined by each Service

Change Notification UK National Blood Services No. 2 - 2014

Acupuncture

Applies to the Tissue Donor Selection Guidelines Live Donors, Tissue Donor Selection Guidelines Deceased Donors, Cord Blood Donor Selection Guidelines and Bone Marrow and PBSC Donor Selection Guidelines

Please modify the entry as follows:

See Complementary Therapy

Reason for change To replace the entry for acupuncture with a link to complementary therapy. The acupuncture entry was virtually a duplicate of the entry for complementary therapy. By using a link it will make future changes to the guidelines simpler.
