1 Welcome

AS welcomed the group to the meeting

18/12 The minutes of the last meeting May 15 2012 were signed off

19/12 Blood Issue Across the Region

LS presented the latest figures for the South Central Region. Discussion points included

- Royal Hampshire O negative usage, John Travers advised that the Royal Hampshire O negative usage is due to surgical use at a remote site, they are currently negotiating to change the emergency stock at this site to O positive

- North Hampshire wastage due to change of personnel at the time

20/12 Update from the NBTC / Pathology Modernisation

AS asked the meeting for any feedback within the region. It was felt that due to the sensitivity of the subject an anonymous survey may be the best way to gather information on how it is affecting performance and efficiency within individual roles and within the laboratory as a whole. It was suggested that the first step may be to ask TLMS what type of questions should be included

Action LS to look at feasibility

21/12 Education Meetings

- February 6 2013 – Regency Park Hotel Thatcham. Theme Audits
- Patient Blood Management – we are considering a joint meeting with the South West region once the information from the Executive Working Group has been received.

Action LS to discuss with SW region

22/12 Next meeting Date

RTC meeting theme Audits February 6 2013, Milton Hill House, Abingdon
Further meeting dates to be confirmed once PBM information received
