

Issued by JPAC: 19 September 2016

Implementation: To be determined by each Service

Change Notification UK National Blood Services No. 40 - 2016

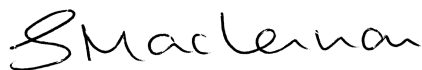

Polynesia

This change applies to the Geographic Disease Risk Index (GDRI)

This is a new entry:

Polynesia

Polynesia is made up of over 1000 islands in the Central and Southern Pacific ocean. Please look under the name of the individual islands donors have visited e.g. Tonga, Samoa, Cook Islands, French Polynesia, Norfolk Islands etc for advice on what travel criteria apply.
