

## Change Notification for the UK Blood and Tissue Services

<b>Notification date:</b>	01 April 2026
<b>Effective date:</b>	01 May 2026
<b>Implementation:</b>	To be determined by each Service

CN 10-2026

### Changes to the entries in the GDRI and DSGs

This notification details changes that will be implemented with the launch of the new JPAC website and will apply to both the current website and the new website. Changes are presented using the visual style of the new website, but equivalent changes will be made to the current website.

See **CN 09-2026** for launch information and for changes that will apply to the new website only.

Please note, this Change Notification introduces several changes to presentation and layout:

- The formatting of text markup has been updated to improve accessibility:
  - **Inserted text** will be shown as purple text with underline
  - **Deleted text** will be shown as dark red italicised text with strikethrough
- The previous summary table of changes has been replaced with a more accessible alternative
- Colour coordination of the guidelines mirrors the ‘Guidelines affected’ tags used on the new website
- The document has been restructured to better indicate guidelines affected and reasons for change

This notification includes the following changes:

## 1. Country inclusion criteria

Guidelines affected	Reason for change
<a href="#">Geographical index</a>	Addition of new country inclusion criteria and subsequent removal of entries.

The following text will be added to the preliminary information in the GDRI:

### Country inclusion criteria

From Release 56 (01 May 2026), the entries in the GDRI are primarily countries and territories that have an ISO 3166 code. The spelling of entries is according to the Foreign, Commonwealth and Development Office (FCDO) list, which includes adaptations to UK English spelling.

Previous versions of the GDRI contained some entries which are not countries or territories; these do not have an ISO 3166 code and are not included in the FCDO list. These have either been retained as keywords in other GDRI entries or deleted.

The following entries will be removed:

- Ashmore and Cartier Islands
- Clipperton Island
- Glorioso Islands
- Leeward Islands (Caribbean)
- Lesser Antilles
- Paracel Islands
- Spratly Islands
- Tromelin Island
- Windward Islands (Caribbean)

The following entries will be renamed (guidance text is unchanged):

Current name	New name
Czech Republic	Czechia
East Timor	Timor Leste
Eswatini (formerly known as Swaziland)	Eswatini
Former Netherland Antilles	Bonaire, Sint Eustatius and Saba
Hong Kong (S.A.R.)	Hong Kong
Macau	Macao
Micronesia (Federated States of)	Micronesia
North Korea (Democratic Peoples Republic of)	North Korea
Saint Helena	Saint Helena, Ascension and Tristan da Cunha
South Korea (Republic of)	South Korea
West Bank, Gaza Strip and Palestine Occupied Territories	Palestine

Where relevant, renamed entries will retain previous names as 'Also known as' terms.
