

# MUMS, BABIES AND BLOOD

ST JOHN'S INNOVATION CENTRE, CAMBRIDGE

10 am - 3.30 pm Thursday 9th June 2016

- Blood loss volume - how accurate is *your* estimation?
- How to manage anaemia in pregnancy
- Patient identification and the importance of correct sample labelling
- Massive obstetric haemorrhage

- Groups and antibodies explained
- Anti-D
- Haemolytic Disease of the Newborn
- A patient's perspective

So that representatives from all the region's maternity units are given the opportunity to attend, in the first instance the number of places per hospital will be limited. Priority will be given to those who have not attended this event in recent years.

Delegate fee is just **£20** to include lunch, refreshments & an information pack

Open to hospital, community and student midwives
