IMPACT ON THE WORLD OF TRANSFUSION

Calibration issues

- × Problems for Diamed users
- × Problems for others?

IMPACT ON THE WORLD OF TRANSFUSION

× Temperature mapping

For fridges is it 2 – 6°C or is it
2.5 – 5.5°C?

× Pipette calibration

QUALITY MANAGEMENT SYSTEM (QMS)

- × Audit
- × Training
- × Meeting minutes
- × Referral labs
- × Improvement Action Report (IAR)
- × IQC/ EQA

TRACEABILITY AND UNCERTAINTY OF RESULTS

- × “what on earth is that?”
- × Isn't it just for Biochemistry?

- × Pre analytical
- × Analytical
- × Post analytical

- × Metrological not meteorological!!
